Problem Statement: During the time of assessment, there was no evidence that the manual records were archived for 2025, despite ASMF 7.16.6 requiring that technical records be archived at the end of each year.

Why one: why was there no evidence that the manual records were archieved for 2025?

The file for the technical records were for 2025 was present during the time of the audit, however personnel was unable to retrieve the records

Why two: Why was personnel unable to retrieve the records?

Personnel did not adhere to the procedure as stated in ASMF 7.16.6.
