RECOMMENDATION REPORT

Organisation's SANAS No/s.

T1195

Date/s of visit	**07-08 April 2026**	Duration (days)	**2 Days**
Organisation	**Azuresky Laboratory**		
Location	**Germiston**		
Team Leader	**Ms A.Bougart**		
Technical Assessor/s, Expert/s, GLP Inspectors and Observer/s	**Ms N.Chiliza**		

A. TYPE OF ASSESSMENT:

☒ Initial Assessment / Inspection / Study Audit	☐ Surveillance Visit	☐ Re-assessment / Inspection	☐ Extension to scope
☐ Personnel evaluation	☐ On-site clearance of findings Visit (COF)	☐ Re-instatement Visit	☐ Other: (specify)
Specify Other:			

Accreditation Standard:	ISO/IEC 17025:2017	Programme Type: (E.g.Testing)	Testing
Scope / Field: (E.g. Microbiology)	Chemistry		

B. PREVIOUS CORRECTIVE ACTIONS (if applicable) : N/A ☐ Cleared ☐ Not Cleared

Comments :

C. OUTCOME OF ASSESSMENT AND RECOMMENDATION :

Number of current non-conformances : **30**	Major:	**30**	Minor:	**0**	

• Initial Assessment / • Re-assessment / • Extension of new scope	1. Unconditional accreditation to be granted	☐
	2. Deferral of accreditation until all non-conformances are cleared	☐
	3. Deferral of accreditation until all non-conformances are cleared through an on-site visit, the costs of which are to be borne by the facility	☒
	4. Accreditation not recommended	☐
	5. *Re-assessment only*: Suspension of accreditation status or part thereof ***Note:*** The period of suspension shall not exceed the date of expiry of the Certificate of Accreditation	☐
• Surveillance Assessment / • Extension of existing scope / • 6 Month Follow-up Visit	1. Unconditional maintenance of accreditation	☐
	2. Conditional maintenance of accreditation subject to satisfactory clearance of non-conformances	☐
	3. Conditional maintenance of accreditation subject to an on-site clearance of non-conformances within 3 months, the costs of which are to be borne by the facility	☐
	4. Suspension of accreditation or part thereof	☐
	5. Reduction of scope of Accreditation (details on pg 2)	☐
	6. Withdrawal of accreditation (details on page 2)	☐
• Clearance of Findings (COF) Visit	1. All corrective actions have been effectively implemented	☐
	2. Corrective actions have not all been implemented / effectively implemented	☐
• Re-instatement Assessment (after suspension)	1. Re-instatement of accreditation is recommended	☐
	2. Re-instatement of accreditation subject to satisfactory clearance of the non-conformances	☐
	3. Re-instatement of accreditation is not recommended	☐
• Personnel Evaluation	1. Inclusion of personnel for specified scopes	☐
	2. Inclusion of personnel for specified scopes subject to clearance of non-conformances	☐
	3. Personnel not recommended	☐

Nominated Representative	Name of recommended NR:	**Ms N. Msibi**
	Comments on acceptability as NR (incl. knowledge with SANAS accreditation requirements): **NR knowledgeable of ISO 17025 requirements but there is room for improvement in improving the knowledge of the CAB's Quality Management System.**	

Name/s of Recommended Technical Signatory/ies:	List scopes for which signatories are recommended: (Note: A witnessing / vertical assessment must be completed as evidence of competence)
Mr TMJ Maponya and Mr S Nyambi	Determination of Sample Preparation ISO 13990-4
	Determination of Ash content ISO 1171
	Determination of Volatile Matter ISO 562
	Determination of Inherent Moisture SANS 5925
	Determination of Calorific value ISO 1928
	Determination of Total Moisture ISO 589

Technical Manager: (Inspection only)	
Quality Manager: (Inspection only)	
Scheme Manager: (Proficiency Testing only)	
Scheme Coordinator: (Proficiency Testing only)	

STATEMENT ON ADEQUACY OF ORGANISATION & GENERAL COMMENTS ON COMPETENCE AS DETERMINED THROUGH CONFORMITY WITH ACCREDITATION REQUIREMENTS:

Although the CAB's has a documented management system, that is in line with ISO/IEC 17025 requirements, the system is not properly implemented and mantained.

The following areas of concern have been identified which have adverse effects on the QMS of the CAB:

-Management Review Documents not in place. Actions not reviewed.
-Internal Audit report not done. Internal audit schedule not adhered to. Internal Audit documents not correctly completed.Risk of impartiality on internal Audit as the Auditor is also the auditee. Uncontrolled Checklists used to perform the internal audit.
-NC register not updated.
-System Documents poorly controlled. Current and Obsolete versions used at the same time.
-Risk register not updated.
-Complaints register non-existent.
-Suppliers not evaluated
-Customer feedbacks not evaluated
-Total Moisture method not validated.

Due to the nature of the Non conformances raised , a COF is recommended for management system requirements only with costs to be borne by the laboratory.

COF 3 months period includes submission of all corrective actions submitted to SANAS by the 09/07/2026.

Technical competency of the personnel and PT participation well implemented.

COMMENTS ON THE EXTENT OF COMPLIANCE TO NEW / REVISED STANDARD:

N/A

DETAILS OF AND REASONS FOR RECOMMENDATION TO REDUCE SCOPE / WITHDRAW ACCREDITATION:

NOTE: Recommendation to withdraw only with evidence of fraudulent behaviour, or where the CAB intentionally provides false information or conceals information)
N/A

D. SANAS CORRECTIVE ACTION TIMELINE

1. Corrective Actions with Root Cause Analysis must be submitted to SANAS with supporting evidence referenced and attached to each non-conformance by the stipulated due date.
2. Facilities are exposed to a level of risk for suspension if submitting corrective actions after the due date.
3. Where suspension has been recommended at a re-assessment, Corrective Actions relating to the cause of the suspension must be submitted to SANAS and cleared, including a re-instatement assessment, where required, before the date of expiry of the Certificate of Accreditation.

Initial Assessments, extension of new scopes:	Calculate 3 months from the assessment date:	dd/mm/yy:**Technical and Management -COF 09/07/2026**
Surveillance and Re-assessment Visits, extension of existing scopes	Calculate 25 working days from the assessment date	dd/mm/yy:
